Brother Phelps.

106

On my return last week I called at your house, and learned that you were absent on a journey to Connecticut. The object of my call was to ascertain whether Bro. Rogers would need my services in the distribution of the Anti-Slavery publications he has on hand.

I need employment this winter, and shall be happy to do any thing in my power to forward the cause of the bleeding slave.

Please to write me on this subject and give me a word of good advice as to my future labors—

A letter left at the Baptist Missionary Rooms—to the care of Robert Cogswell will come free of expense.

Yours for the slave.

Wm B. Dodge.
